# ESERETEVENING NEWS OGDEN CITY'S PUBLIC BUILDING. ONE FIRM SPENDS \$800,000

Text of the Bill Providing Therefor as Presented by Senator Jos. L. Rawlins-\$250,000 Appropriated With Which to Pay for The Site and Construction of the Edifice.

Utah, for a public building at Ogden, has been received by the "News." In detail it provides "that the secretary of the treasury be, and he is hereby, authorized and directed to acquire, by purchase, condemnation, or otherwise, a site, and cause to be erected thereon a suitable building, including fireproof vaults, heating and ventilating apparatus, elevators and approaches, for the use and accommodation of the United States court, postoffice, and other offiof Utah, Such site shall contain at least forty thousand square feet of ground. That the cost of such site and building, ncluding the vaults, heating and ventilating apparatus, elevators and approaches, complete, shall not exceed the sum of two hundred and fifty thousand dollars. The proposals for the sale of

MUST BE HARRIMAN.

Pacific Railways Manager Behind

The Mexican Move.

Probably for the purpose of saying

something different from what was given in the "News" yesterday after-

noon, a morning paper today sprung the proposition that Gould was behind

the railway deal in Mexico, which was publicly launched here yesterday in the

iling with the secretary of state of

the National Railroad company of Mex-

ico. The proposition, however, only adds to the accumulation of absurdities that have for some time made their de-

but through the same medium. The facts that all of the officers and direct-

ors of the reincorporated company are all more or less closely connected with Harriman interests and that the busi-ness in this state was done through the office of a leading Harriman attorney

are sufficient to dispose of the Gould

the correctness of the Harriman idea.

are are some people who may be abl

to look at the matter in that way, but

A copy of the bill presented in the U. land suitable for said site shall be in-S. senate by Senator J. L. Rawlins of or more of the newspapers of largest ulation in said city for the period of at least twenty-one days prior to the date specified in said advertisement for the opening of said proposals.
That thereafter the secretary of the treasury shall cause examination to be made of the said bids and the said proposed sites, and shall cause statements maps and plats thereof to be taken and submitted to him; and thereupon the secretary of the treasury shall finally determine the location of said building and the amount to be paid for the site thereof. That there shall be available for the purposes of the said building, of the money of the United States treasury not otherwise appropriated, to be expended under the direction of the secretary of the treasury in the purchase of site, in the preparation of plans and specifications, and the commencement of the construction of the building during the fiscal year, the sum of seventy-five thousand dollars."

#### ot for steamship connections at Port Stilwell, the ocean terminus. It is an-nounced that all the financial arrangements for construction of the road have been completed, and work is in progress in southern Kansas, in Texas FOR RAILWAYS and in Mexico.

Lumber Men Successful.

Houston, Texas, March 15.—Owing to the protest of the lumber shippers the order recently made raising the min-imum weights on limber shipments from 30,000 to 40,000 rounds per car has been rescinded by the Southwestern roads. The order specificially affected Texas, Louisiana and Arkansas but in-

cidentally affected the whole of the west and Mexico, which buy lumber in the three states. It amounted to an increase in rates of about 12 per cent. SPIKE AND RAIL.

The Utah Construction company is quite confident of getting the contract for the Oregon Short Line Learnington cutoff.

Oil as fuel is gaining in popularity. The Southern Pacific now has 200 engines fitted with devices for oil consumption in the place of coal as fuel. On Tuesday last the Railway Signal ing club held a meeting at the Great Northern hotel in Chicago. A discus-sion was had upon derallments at interlocking plants.

The Harlem railroad, which is part of the parent system of the New York Central, has completed its fiftieth year, It was fifty years ago, also, that first through passenger train from Rut-land reached Troy, N. Y.

Immediately east of the long freight sheds of the Rio Grande Western, fac-ing on Fifth West, between Second and Third South streets, a lot of gravel is being hauled in and graded to improve the yard. It will be much appreciated by teamsters. The Tulsa Northern railway company

was chartered in Guthrie, O. T., yesterday, to build a line from Tulsa, in the Creek nation, to Owasso, in the Cherokee nation. The places of business are Guthrie and Tulsa, and the capital stock of the company is \$500,-Mountain division of the Northern Pa the will refuse to return to work until the company takes them all back.

company declines to alter its decision made two days ago to the effect that the men would be taken back whenever vacancies occurred and not be that with twelve exceptions all the po-sitions had been filled. Trains are now running on the Rocky Mountain divis-

week say that the Rio Grande Western surveyors have moved on to Lawrence from Castle Dale, and have orders to complete the Salina Canyon line to a connection with the main line a Mounds by the middle of April. The road will likely cross the Cottonwood river at Castle Dale just south of C G. Larsen's home, thence running southeasterly betwen the flouring mil and Orange Seeley's home, reaching the town of Lawrence by way of the Green River gap.-Eastern Utah Advocate.

During the month of January the voluntary relief department of the Pennsylvania lines west of Pittsburg paid ten death claims due to accident, amounting to \$8,250, and seventeen death claims due to natural causes, amounting to \$5,983.34. There were 789 disablement benefits paid due to accident, amounting to \$11.273.70, and 936 disablement benefits due to sickness, amounting to \$11,315.20. The total claims naid were 1.761, amounting to \$38.422.24 The total benefits paid from the time of the organization of the department July, 1889, to January 31, 1902, amounted to \$3,356,954.27, in 152,340 cases.

Tests which officials of the Illinois Central says are highly satisfactory have been made in telephoning from trains by using the telegraph wires. The tests have resulted in the belief that when the company installs its two wire telephone system it will be possi-ble to telephone from a train to every office on the entire system. The last test was made six miles from Cham-paign, and communication was established with the dispatcher at Kank akee, sixty-six miles away. Connection is made with the wires by hooking a rod over the line, the former having connection with a receiver in the engine grounded through the engine by means of individual conductors. The advantage of telephoning from trains in case of emergency is great.

If George J. Gould and E. H. Harri man are to meet in Denver next week as announced by one of the daily papers, facetiously remarks the Denver Post, none of the officers of the Colo-rado roads connected with the lines controlled by these two gentlemen know anything about the meeting. The report had it that the conference was to be for the purpose of arranging a tar-iff over the Colorado lines and the Southern Pacific, and to arrange for the building of new lines. Local rail road men say that if everything has been prepared for the Colorado-Pacific notified that either Mr. Gould or

Mr. Harriman was coming here. The following changes in the engin eering department of the Northern Pa Mr. J. Q. Jamieson, division engir eer at Tacoma. Wash., is placed charge of engineering on all lines wes of and including Ellensburg. Wash Mr. F. S. Darling is appointed division Paul. Minn., in charge of engineering of all lines east of the Missouri river, in place of Mr. J. S. Bratager, transferred Mr. W. C. Smith has been appointed division engineer, with headquarters at Livingston, Mont., in charge of en-gineering on all lines between the Missouri river and Butte and Helena Mont., including Putte station, but no Helena. Mr. B. E. Plamer, heretofore roadmaster at Missoula, Mont., is appointed division engineer at Spokane. Wash., and will have jurisdiction over Pacific crean, and negotiations are on | all engineering between Butte and Hel-

The Lydia E. Pinkham Medicine Company last year spent \$890,000 for newspaper advertising. It is probably the largest appropriation ever made in the United States if not in the world by a proprietary medicine concern for one kind of advertising.

Printers' Ink, in its issue of Feb. 12, gave an entertaining interview with James A. Wetherald, who has direct charge of the dispensing of the Pinkham advertising.

"I rank the daily papers first," said Mr. Wetherald, "in point of drawing power for our business, the weeklies next and the monthlies last. I am inclined to prefer an evening daily over a morning, for it goes into the homes more and is, I think, more thoroughly read. Circulation is matter to which I have given considerable thought."

Remedy. Between the hours of eleven o'clock a, m. and closing time at night on Jan.
25, 1901, A. F. Clark, druggist, Glade
Springs, Va., sold twelve bottles of
Chamberlain's Cough Remedy. He says.
"I never handled a medicine that sold better or gave better satisfaction to my customers." This Remedy has been in general use in Virginia for many years, and the people there are well acquainted with its excellent qualities. Many of them have testified to the remarkable cures which it has effected. When you need a good, reliable medicine for a cough or cold, or attack of the grip, use Chamberlain's Cough Remedy and you are certain to be more than pleased with the quick cure which
